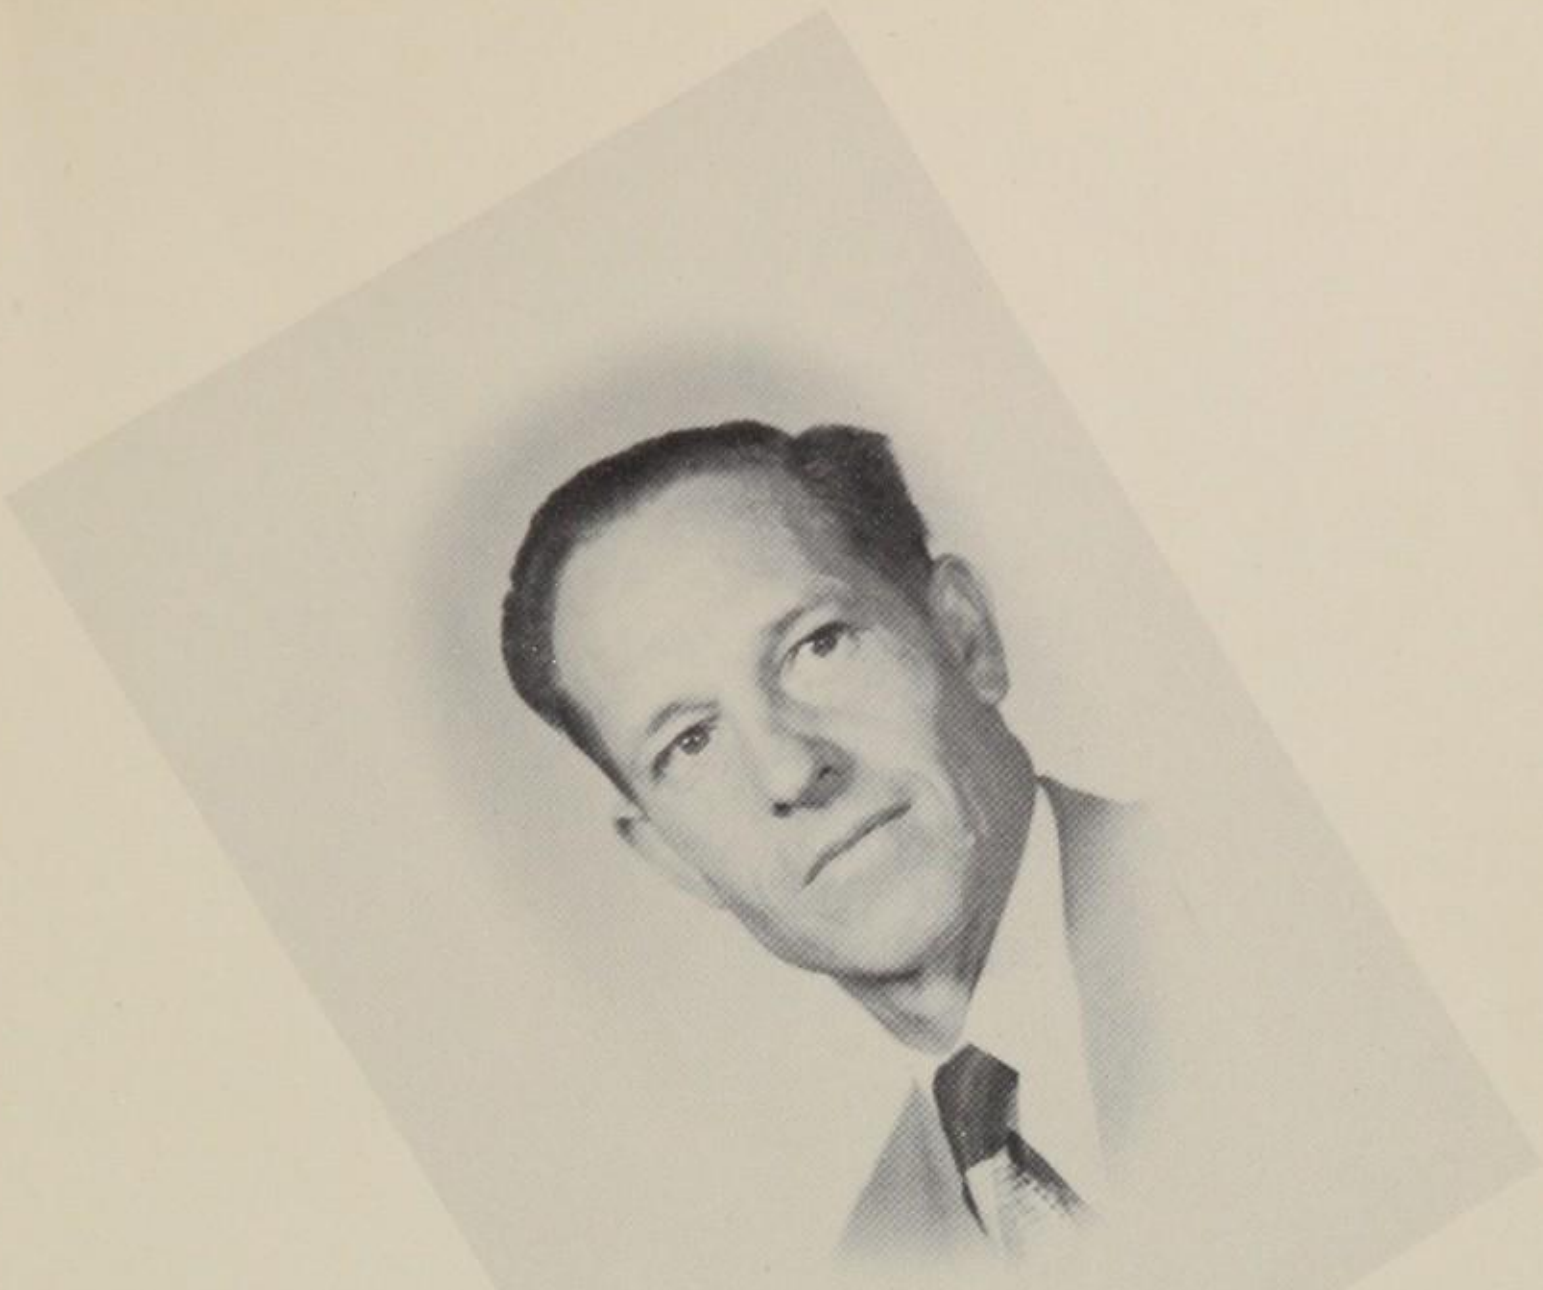
OF

1952



MR. RAY HARRIS

We, the staff, respectfully dedicate this annual to Mr. Ray Harris, in appreciation of his example of character and friendliness to everyone. Although he is no longer with the high school, he is now in a position to meet more of the boys and girls whom he likes so much. As principal of the elementary school, he will have an endless job of building character and high moral standards along with the fundamental education of future generations.
